AFP color solution scenarios

AFP color solutions from Ricoh can be assembled in a variety of configurations based on your environment and needs.

In this section:

[Printing high-quality grayscale output on an InfoPrint 4100 printer](#)

An insurance company wants to migrate to AFP color printing slowly, so they start the process by using AFP color management to print high-quality grayscale output on their InfoPrint 4100 printers.

[Replacing pre-printed forms](#)

A bank wants to reduce the amount of paper that it stores. If the bank eliminates some of the pre-printed forms that they use by printing some statements on a color printer, they can use the same type of plain paper for various applications.

[Eliminating physical inserts](#)

A print service bureau wants to reduce the number of physical inserts that they have to add to envelopes by printing full color electronic inserts in blank areas on credit card statements.
