Overview

InfoPrint 1xxx series

The InfoPrint 1xxx series of workgroup printers and multifunction devices includes a wide range of cut-sheet color and monochrome devices, although they do not support AFP Color Management.

For general office purposes, the InfoPrint 1000 series lets you manage color output efficiently and cost-effectively through advanced technologies such as access controls, confidential print, and data stream encryption. Through the 1000 family of printers, Ricoh offers output strategies and color printers that address diverse requirements for high quality, security, and cost.
